

Welcome to April Ecosystem Enrichment!

Occupational Training Tools

WHAT IS ECOSYSTEM ENRICHMENT?

Monthly professional development opportunity for workforce professionals – career coaches, business services representatives, training instructors, and more!

Information that helps connect a complex system of services so that jobseekers can get the support they need to find, obtain, and maintain quality employment – no matter where they start!

Broadly applicable workforce development skills/knowledge with local context

Join us each month for more, invite others you think are a good fit, and reach out if you have questions about previous or upcoming sessions

Housekeeping Items

The session is being recorded, the PowerPoint and other materials will be sent out after the session.

Please mute yourselves to make sure that speakers can be heard, and we do not experience feedback. No need to keep video on unless you want!

Feel free to share your own thoughts, reactions, and reflections to the topics as we go along. If time allows, we can move to participant questions, so please send those to me privately!

Introductions

Type in the chat

Name, Title, Organization

If you could solve one recurring challenge or issue faced by the clients we serve, what would it be and why?

Agenda

Demonstration of training tools – training board and dashboard

Prompts & Feedback Collection

Review and next steps

Overview

- Understanding the full landscape of “training” that involves a variety of ways that jobseekers obtain skills needed to be successful in industries
- Providing responsive tools that support jobseekers in their education and career pursuits
- Options for viewing and aggregated data to identify trends, gaps, and opportunities

Demonstration

Training Board

Training Dashboard

Review Prompts

Training Board

Training Dashboard

Overall tool & “Featured Opportunities

- Ways the information is presented
- Ease of loading, navigation
- Visual appeal
- Confusing or unclear text

“Detailed Views”

- Reactions to the type of information that is included
- Comprehensiveness of information/data
- Clear language
- Requirements and other included data – relevance, usefulness

Search Functions

Best if you search for a medical assistant or CDL training

- Ability to filter/search based on customer needs or preferences
- How information is presented
- Information that is missing

Dashboard

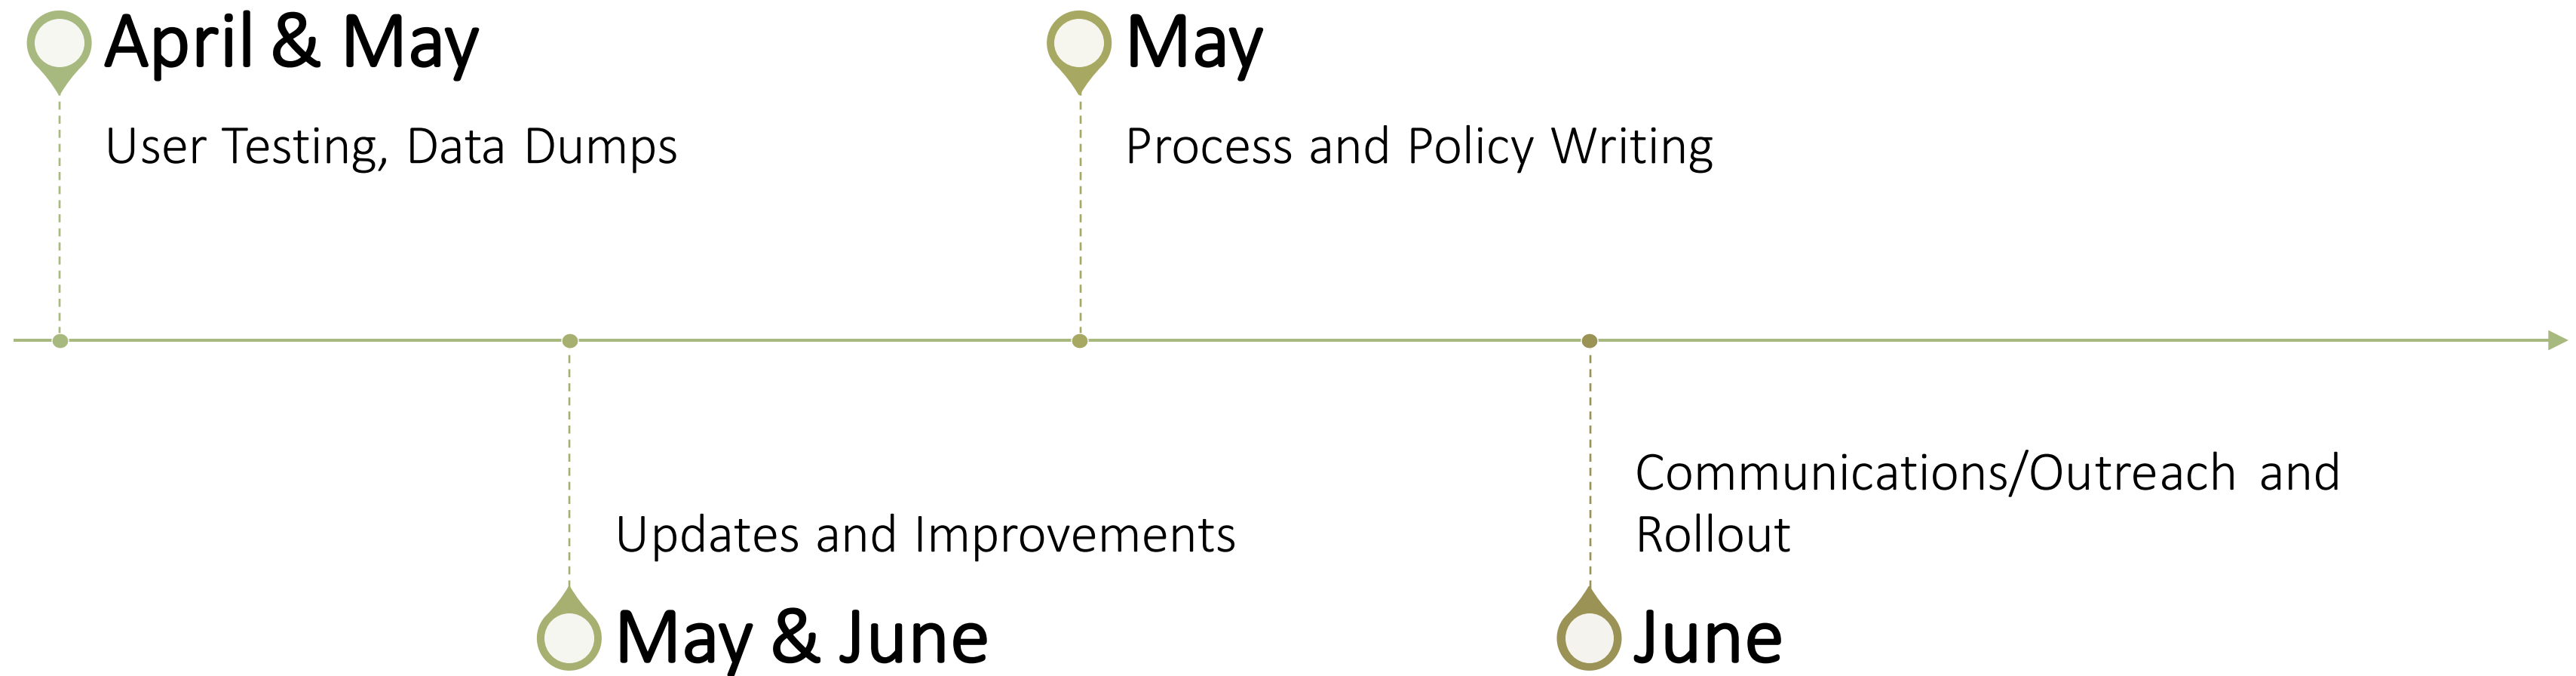

- Ability to manipulate the information to find something useful
- Information that can be helpful for strategic thoughtful decision-making
- Data points that would be interesting, if possible to collect

Discussion & Next Steps
